

PLANTS & PEOPLE

MOSS walls

the latest **TREND** in GREEN design

As urbanites get more and more isolated from the natural world, their desire to maintain some sort of connection has inspired creative new interior design ideas to **reconnect the places we live, work & play.**

The **WORKPLACE** has been a proving ground for nature-inspired design elements that bridge the gap and fulfill this innate need and biophillic desire.

Moss walls are an **IMPACTFUL**
& **COST-EFFECTIVE** alternative
in

ENHANCING the **NATURE** of your **WORKPLACE**

natural DESIGN authentic

Custom designs and sizes for any application

We can incorporate logos, slogans, corporate colors, signage, and art works

ART INSPIRED BY NATURE

Ease of maintenance of our moss panel walls are a much more affordable solution to traditional green living walls

MODULAR
functional

modular & seamless panels

features BENEFITS advantages

MOSS WALLS require little on-going attention reducing service maintenance costs.

Unlike live plants that must have suitable environmental conditions and regular care by a professional horticulturist—these works of art will retain their natural appearance and color for a long time.

PRESERVED MOSS installations can be placed just about anywhere—from the main focal point of your lobby to the restrooms and even the ceiling!

Natural & Authentic

Only 100% natural and authentic Reindeer, Mood & lichen Moss used.

Acoustic Sound Absorber

Absorbing up to twice as much as the industry average for products of same size and thickness.

Environmentally Friendly

Our moss is hand-picked with care for nature, certified & approved by ISO 9001 and ISO 14001 standards.

Fire-Resistant

Our natural preserved moss is cleaned & stabilized for flame retardance certified by ISO 11925-2 for interior use.

Air Purifying

Through a constant cycle of absorption and release of ambient moisture, air particles are removed.

Natural Humidity Indicator

Reindeer Moss dries when the relative humidity falls below 40%, and returns soft again above 40%.

Hypoallergenic

Nordgröna products do not contain toxic chemicals or components.

Maintenance-Free

Preserved Moss does not require any sunlight, watering or pruning.

MOSS WALLS

workplace design with the human in mind
